## **SPECIAL ORDER No. 08-2018**

Series of 2018

### **DESIGNATING ENGR. ARVIE ANCHALES AS PROJECT-IN-CHARGE OF THE TABU-TIVANG-OLING-BANTIC-LAWIGUEN ROAD OPENING PROJECT.**

It has been observed that the road opening project interconnecting Tabu-Tivang-Oling-Bantic and Lawiguen is taking a slow phase in the implementation thereof considering that the project started on the second semester of 2015. While it is understood that one of the factor affecting the implementation period is the rocky mountain to be traversed by the road project towards Sitio Tivang, it must also be emphasized that the project also requires personnel from the Engineering Department to supervise project implementation and to guide the workers thereat on matters requiring technical assistance.

Considering the need for the Municipal Engineer to devote much of his time in office to attend to issues and concerns, and such other matters requiring his presence in relation to the performance of his functions as Head of the Engineering Department, it is but proper and appropriate that a subordinate shall be designated as in-charge of the aforementioned project. In the meantime, the Municipal Engineer, in his capacity as Building Official is hereby directed to give preferential attention on the L1300 resorts through the preparation of a long-term holistic plan that would address problems on the drainage systems, sewage systems, septic tanks, etc. to ensure that waste coming from these shall not pollute the Ambalanga River.

**WHEREFORE, I, ATTY. VICTORIO T. PALANGDAN**, by virtue of the powers vested in me as Municipal Mayor of Itogon, Benguet hereby designate **ENGR. ARVIE ANCHALES** as Project-in-Charge of the Tabu-Tivang-Oling-Bantic-Lawiguen Road Opening Project. In the performance of his functions as such, said Engr. Arvie Anchales shall report directly to the undersigned on matters related to project implementation such as materials, tools, equipment needed, unit of accomplishments, working conditions to include occupational health and safety, equipment functionality, site issues, etc. **FURTHER**, Mr. FERINO L. VELASCO is hereby designated as **ALTERNATE** Project-in-Charge to perform the duties and functions pertaining to Engr. Arvie Anchales in the absence of the latter.

Finally, let copies of this **ORDER** be furnished all concerned for their information.

This **ORDER** shall take effect immediately.

Issued this 16<sup>th</sup> day of April, 2018.
